These Summer Courses have counted a lot for me, they taught me many things that I didn’t know before and which were important to me. The people I’ve known through these courses are wonderful, in the same way for Christelle, Maria and all the professors. I would like to thank you all for this. I hope that I will see you soon because I plan to apply for a Master program next year.

Khadija Boudaya – UTC Business School, Tunisia

Overall the quality of this program was really satisfying. The main part that I liked and want you to preserve is the way teachers share real-word situation and experience with the students such as providing examples from their past experiences when they worked in companies. Professor Benedic gave various kinds of leather for students to touch and feel the difference of textures. I also enjoyed the corporate site visits.
